Manuscript details

Manuscript title	
Article type	
Corresponding author	

Files

- ☐ Cover letter: work is original, not under consideration elsewhere, approved by all authors; any preprint disclosed
- ☐ Title page: all authors' full names, affiliations (city, country), ORCID iDs where available; corresponding author's email and postal address
- ☐ Manuscript in Word, OpenOffice or RTF; single-spaced, 12-point font; word count within the limit for the article type
- ☐ Tables and figures uploaded as separate files; figures as TIFF or high-quality JPEG at 300 dpi or more
- ☐ Completed reporting checklist for the study design (CONSORT, STROBE, PRISMA 2020/PRISMA-ScR, SPIRIT, STARD or CARE)
- ☐ ICMJE disclosure form for every author, combined into a single PDF

Required statements (end of manuscript, before references)

- ☐ Ethics approval and consent: committee name, approval number and date; how consent was obtained or why it was waived (or basis for exemption for public de-identified data)
- ☐ Trial registration: registry and number, also at the end of the abstract (clinical trials only)
- ☐ Data availability statement (full ICMJE data sharing statement for clinical trials)
- ☐ Funding: all sources, or 'no funding', and the funder's role
- ☐ Competing interests, or 'The authors declare no competing interests'
- ☐ Author contributions using the CRediT taxonomy
- ☐ Use of AI tools, described in Methods or Acknowledgments (if applicable)
- ☐ Acknowledgments for contributors who do not meet authorship criteria, with their permission

Content and integrity

- ☐ All authors meet the four ICMJE authorship criteria and approved the submission
- ☐ Structured abstract (250 words max) where required; up to 6 keywords
- ☐ References in APA style (7th edition), with DOIs where available; every reference checked against the original source
- ☐ Study protocols only: ethics/IRB approval number and funder stated
- ☐ Permission obtained for any third-party material and written consent for any identifiable participant information
